From the CEO

I am always ready to learn...

There is no guarantee that everything will be fun; the guarantee is that we do our best to make it fun.

Churchill once said "I am always ready to learn, although I do not always like being taught".

This might be true for most of us, it has been for me at times but what changes this perception is making learning fun.

We try our very best to do that through our tutors, teachers, and classroom experiences.

So if you have resisted doing something different, why not try one of our many courses today, or join in with our Active Ageing groups, think again about what our Community College can offer for you.

Apart from this General Program Course Guide, take a look at our website, come and talk to our wonderful reception staff or our School Teachers if you are in years 9-12 and thinking of a secondary education alternative.

Rodney Wangman
Chief Executive Officer
